# Community Foundation of Singapore

**Board of Directors** 

The Community Foundation of Singapore was founded in 2008 to advise and assist donors to grant money to charities and causes. Today, we manage more than 80 donor funds giving out S\$10 million every year to support a wide range of community needs and making a positive change in many ways.

What we do:

The Community Foundation of Singapore is guided by a diverse and dedicated Board of Directors that exercises prudence in their stewardship responsibilities and shares the passion for improving lives and strengthening communities.

Date joined	Designation
Chairman, 22 August 2013 Board member, 31 October 2008	Chairman, Lien Foundation
28 September 2015	Educational psychologist
20 April 2011	Executive Chairman, ABR Holdings
29 October 2014	Managing Director & Senior Private Banker, Bank Julius Baer & Co. Ltd
21 March 2016	Partner, Bain & Company

26 August 2011	Managing Director, Yeo-Leong & Peh LLC
29 October 2014	Audit Partner, PricewaterhouseCoopers LLP
29 April 2014	Managing Director, Ernst & Young Advisory Pte Ltd
29 April 2014	Joint Managing Director, TSMP Law Corporation
	Chairman, 22 August 2013 Board member, 31 October 2008 28 September 2015 20 April 2011 29 October 2014 21 March 2016 8 September 2009 26 August 2011 29 October 2014 29 October 2014

 Connect donors with causes based on their areas of interest and our community knowledge to facilitate more effective giving.

 Collaborate with charities, civic and non-profit organisations to identify and develop impactful programmes that benefit various causes.

• Commit to manage donor funds with high levels of governance and accountability through rigorous programme evaluation, robust grantmaking as well as concise reporting.

## Chairman's Message

**Evolving philanthropy** 

Lawrence Lien Chairman

What are we to you? A financial service provider in the area of philanthropy? A connector of donors to the charity world? Or something more?

It would not be unusual for each of you to see us somewhat differently. All around the world, community foundations are seen as diverse, complex and constantly evolving, particularly as community needs are dynamic.

But if you were to ask me, I would just boil it down to this: we build and strengthen community.

When the Community Foundation of Singapore (CFS) started, the first step to build community was to serve as an intermediary bridging donors with communities leveraging our knowledge and providing philanthropic advice, grantmaking expertise and administration with the purpose of improving the lives of those in need.

Donors today navigate through an ever-growing range of giving options for effecting social change. The proliferation of online platforms, crowdsourcing campaigns and giving opportunities from impact investment to social entrepreneurship are reshaping donors' attitudes and approaches to giving. Apart from more choices for how and where to give, donors want more involvement and greater accountability for their donations.

However, just being a bridge is not enough. To help steer community philanthropy into the future, we need to build deeper collaborations and strengthen partnerships among donors and communities. This comes from facilitating cause-based learning networks, capacity building, engaging donors in dialogue about community issues and constantly finding new ways to create social change. So donors can look forward to upcoming philanthropy workshops, experiential learning journeys and networking opportunities from CFS.

We also need to step up on research and share knowledge on lesser known causes or deep-rooted issues within the communities. To achieve our goal of a caring and interconnected society, we look towards growing a community of philanthropists committed in collective and aggregated funding for greater impact.

In the 2016 Budget, the government announced new measures to encourage corporate giving with the launch of the Business and IPC Partnership Scheme (BIPS) and Company of Good (COG) programmes. CFS is doing our part by reaching out to companies who are keen to structure their giving plans. For example, CFS helped Changi Foundation to develop their impact assessment framework for their corporate philanthropy and we are currently working with Ascendas-Singbridge Foundation to review and enhance their giving strategy.

CFS would not have come this far without the support of our donors, charity partners, Board and committee members, so a heartfelt 'thanks' to everyone. It is going to be an exciting journey ahead as we go from enabling to evolving community philanthropy and we look forward to your continued belief in us to make giving better.

# **CEO's message**

Continuing to make impact together

**Catherine Loh** Chief Executive Officer

The strong and committed relationships we have built over time with charity partners is also another reason why we have been able to codevelop impactful programmes that benefit various communities. Many of these programmes are on-going and going strong while others were spawned from new collaborations. One such example is working with institutions to professionalise the Traditional Chinese Medicine (TCM) industry (more on page 13).

From a risk governance standpoint, I am pleased to share that from the 2016 Effective Governance Survey conducted by the Ministry of Community, Culture and Youth (MCCY), the CFS Board was deemed to have adequate oversight of strategic and financial matters.

As SG50 draws to a close, I would like to thank members of the Board and committees for their valuable guidance and advice the past year. It is with great anticipation that we look forward to the next chapter of enabling philanthropy and continue to make impact in our communities.

Looking back on 2015, we remember it as a special year when Singapore celebrated its Golden Jubilee. Amidst the many celebratory events, our donors continued to pledge their support for philanthropic causes through CFS. We are grateful for their trust which has enabled us to continue helping those in need.

In financial year 2016, we received a total of \$10.8 million in donations of which \$10 million were in flow through funds and \$800,000 in endowment funds. We disbursed \$9.7 million worth of grants to 152 charitable organisations supporting a wide range of causes including education, social and welfare, health and arts and heritage.

Endowment funds held at CFS continue to make long term impact. Since inception, we have awarded \$1.59 million in grants to 27 different organisations with 70% going to the education field and 23% to social services.

# Key achievements for financial year 2016

# **Grants disbursed**

Figures for FY2016 are from 1 April 2015 - 31 March 2016. All amounts are in Singapore dollars, rounded up to the nearest \$100,000.

# **Programme highlights**

## SUPPORTING YOUTH AND EDUCATION

Empowering youth through education continues to be a cause that resonated with donors who supported a wide spectrum of programmes including disadvantaged young women, youth at risk of discontinuing education as well as those with special needs. Apart from providing direct financial support, donors also recognise the importance of facilitating youth development by working upstream to conduct preventive programmes. As teachers also play an important role in the education ecosystem, donors saw the need to honour the work of outstanding educators.

## **S R Nathan Education Upliftment Fund**

## **IWF Education Grant Award** for young women

Leading Foundation **Teacher Award** 

It was with great sadness that we joined the nation to mourn the passing of former President S R Nathan in August 2016. Mr Nathan had been a keen advocate for keeping youth in schools for as long as possible and through the fund that he started in 2011, close to 1,000 Institute of Technical Education (ITE), polytechnic and university students have benefited from bursaries, scholarships as well as monthly financial assistance. Mr Nathan has touched many young lives though this fund. While his passing leaves a void, his legacy of giving lives on and we hope it inspires others to reach out to do the same.

Going into its third year, the IWF Education Grant Award - set up by the International Women's Forum (IWF) and administered by CFS - continues to support young women pursuing a diploma or degree in local polytechnics or universities. Most of these promising young women, - who are picked for their attitude, aptitude and aspirations - had to disrupt their studies along the way due to financial difficulties. Besides the award, IWF women leaders are also on hand to provide guidance, mentorship and career advice to empower these young ladies for the future.

They say the best teachers teach from the heart, not from a book which is why the Leading Foundation Teacher Award recognises outstanding and dedicated preschool and special needs teachers who go beyond the call of duty to make a difference in the lives of their students. Organised by the National Institute of Education (NIE), funded by the Leading Foundation and administered by CFS, the award is the first of its kind in Singapore. The four deserving winners of the 2015 award are exceptional educators in their own right and we hope that the award will spur them on to greater heights in their field of work.

## Innovative programmes on youth development

CFS works with donors and charity partners on an on-going basis to develop innovative programmes that provide strategic and sustainable support in the area of youth development. Some successful programmes our donors are supporting:

# Youth COP

#### Metta Café

In support of the Enabling Masterplan to create an inclusive Singapore, Metta Café provides food and beverage (F&B) vocational training for young adults with autism or mild intellectual disability. The aim is to help these youths acquire work and life skills and achieve self-reliance through employment. Besides training these apprentices in kitchen skills, meal preparation and customer service, Metta also helps to secure employment for them in the F&B or service industries.

Photo: Students Care Services

Youth COP is a joint programme by Students Care Service, Neighbourhood Police Centres and schools to tackle youth crime and juvenile delinquency. The programme develops teens to be crime prevention leaders in the community by training them to stay away from crime and help others to do the same. Youth COP has been recognised for its effectiveness and impact and is active in five secondary school with high participation rates.

Photo: Metta Café

Innovative programmes on youth development (continued)

#### CampVision

CampVision continues its run of impactful programmes that create opportunities for less privileged youths to be engaged and empowered. Through the LEAD Academy which is now into its second year, donor UBS provided funding and employees to mentor youths in self leadership and communication over a six month period.

Photo: CampVision

#### The Singapore Budget 2016 touched on the setting up of community networks which will help enable seniors to stay active, healthy and meaningfully engaged as well as provide targeted assistance to needy seniors. At the ground level, CFS continues its work with donors and charities to develop programmes that support the evolving social and medical needs of seniors, and hopefully make a difference to their quality of life.

#### Outing for the Elderly Fund

IMPROVING THE QUALITY OF

LIFE FOR SENIORS

The Outing for the Elderly Fund was set up in 2009 to enable home-bound seniors to enjoy being out with the hope of reducing their sense of social isolation. To date, the fund has brought more than 7,000 seniors from over 50 eldercare centres and homes on some 500 outings to places like museums, Gardens by the Bay, the Singapore Flyer, River Safari and supermarkets.

Photo: Ling Kwang Home

#### **Traditional Chinese Medicine** (TCM)

#### PUTTING THE SPOTLIGHT **ON THE ARTS**

Goh Soon Tioe Centenary Award

A concert to celebrate 'home'

Support for the arts and heritage in Singapore is a collective effort by the public and private sector. While the government may provide essential support to arts groups, it needs help from the private sector to promote a vibrant and sustainable arts scene. The dollar-for-dollar Cultural Matching Fund is one such collaborative partnership that has boosted corporations and individuals to contribute towards developing Singapore's cultural heritage. Through this, we hope more donors will step forward and help build a thriving arts and cultural community.

The Goh Soon Tioe Centenary Award administered by CFS, now into its fourth year, continues to support talented young classical musicians who have shown a consistent track record of outstanding musicianship and performance. 2015 award winner Theophilus Tan is the first cellist to clinch the accolade since the award was started and he will be furthering his music studies at the Richard Wagner Konservatorium in Vienna.

With a rapidly ageing population, TCM is gradually gaining acceptance as a complement to conventional treatment in managing chronic diseases. To strengthen professional knowledge and raise practice standards, CFS is currently working with donors on grantmaking to promote research and award scholarships to TCM students and practitioners in Singapore.

For Singapore's Golden Jubilee, CFS in collaboration with Kris Foundation, brought five young Singaporean musicians together in a performance called 'The Journey Back Home' that celebrates what it means to belong. The concert, which was staged at the Victoria Concert Hall, featured a new work by homegrown composer Phang Kok Jun, specially commissioned for SG50.

# Independent Auditors' Report

financial statements Management's responsibility for the financial statements Auditors' responsibility

Members of the Company Community Foundation of Singapore

We have audited the accompanying financial statements of the Community Foundation of Singapore (the "Company"), which comprise the statement of financial position as at 31 March 2016, the statement of comprehensive income, statement of changes in funds and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 21 to 47.

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act"), the Singapore Charities Act, Chapter 37 (the "Charities Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements are properly drawn up in accordance with the provisions of the Act, the Charities Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Company as at 31 March 2016 and the financial performance, changes in funds and cash flows of the Company for the year ended on that date.

Report on other legal and regulatory requirements

(a) the use of the donation monies was not in accordance with the objectives of the Company as required under Regulation 16 of the Charities (Institutions of a Public Character) Regulations; and

#### KPWG LLP

KPMG LLP

Singapore 26 August 2016

Report on the

Opinion

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

During the course of our audit, nothing came to our attention that caused us to believe that during the year:

(b) the Company has not complied with the requirements of Regulation 15 (fund-raising expenses) of the Charities (Institutions of a Public Character) Regulations.

# Notes to the financial statements

sta	tements			(continued)
		These notes form an integral part of the financial statements. The financial statements were authorised for issue by the Board of Directors on 26 August 2016.	2.4	Use of estimates and judgements (continued) <i>Measurement of fair values</i> (continued)
1	Domicile and activities	The Community Foundation of Singapore (the "Company") is a public company limited by guarantee, incorporated in the Republic of Singapore. The Company has its registered office at 6 Eu Tong Sen Street, #04-88 The Central, Singapore 059817. Under Article 7 of its Memorandum of Association, the members of the Company guarantee to contribute a sum not exceeding \$100 to the assets of the Company in the event of it being wound up.		ΥΥΥΥ ΥΥΥΥ
		The Company is registered as a charity under the Singapore Charities Act ("Cap. 37"). The Company is also an approved Institution of a Public Character ("IPC") under the Singapore Charities Act.		
		The principal activities of the Company are to raise funds from donors in the community, provide philanthropic services to the community and its donors, source new non-profit programmes, make grants, and undertake community leadership and partnership activities to address a wide variety of charitable needs.		
2	Basis of preparation			
2.1	Statement of compliance	The financial statements have been prepared in accordance with the Singapore Financial Reporting Standards ("FRS").	3	Significant accounting
2.2	Basis of measurement	The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.		Significant accounting policies
2.3	Functional and presentation currency	The financial statements are presented in Singapore dollars, which is the Company's functional currency.	3.1	Foreign currency transactions
2.4	Use of estimates and judgements	The preparation of financial statements in conformity with FRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.		
		Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.		
	Measurement of fair values	The fair values of financial assets and liabilities are prepared by the finance team which regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair value, then the finance team assesses and documents the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of FRS, including the level in the fair value hierarchy the resulting fair value estimate should be classified.		

assets;

2

**Basis of preparation** 

(continued)

When measuring the fair value of an asset or a liability, the Company uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset that are not based on observable market data (unobservable inputs)

If the inputs used to measure the fair value of an asset or a liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant of the entire measurement (with Level 3 being the lowest).

The Company recognises transfers between levels of the fair value hierarchy as of the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in Note 17 - Financial risk management.

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by the Company.

Transactions in foreign currencies are translated to the functional currency of the Company at the exchange rates at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date on which the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction.

Foreign currency differences arising on retranslation are recognised in profit or loss.

		· · ·			-

npany derecognises a financial asset when the contractual the cash flows from the asset expire, or it transfers the receive the contractual cash flows on the financial asset saction in which substantially all the risks and rewards rship of the financial asset are transferred. Any interest erred financial assets that is created or retained by the ny is recognised as a separate asset or liability.

I assets and liabilities are offset and the net amount ed in the statement of financial position when, and en, the Company has a legal right to offset the and intends either to settle on a net basis or to he asset and settle the liability simultaneously.

npany classifies non-derivative financial assets following categories: financial assets at fair value profit or loss and loans and receivables.

ial asset is classified at fair value through profit or loss if sified as held for trading or is designated as such upon cognition. Financial assets are designated at fair value profit or loss if the Company manages such investments kes purchase and sale decisions based on their fair value in nce with the Company's documented risk management or ent strategy. Attributable transaction costs are recognised or loss as incurred. Financial assets at fair value through loss are measured at fair value, and changes therein gnised in the statement of comprehensive income.

al assets designated at fair value through profit or loss comprise equity securities, quoted bonds and funds managed by fund rs that otherwise would have been classified as available

nd receivables are financial assets with fixed or hable payments that are not quoted in an active market. sets are recognised initially at fair value plus any directly ble transaction costs. Subsequent to initial recognition, nd receivables are measured at amortised cost using ctive interest method, less any impairment losses.

nd receivables comprise other receivables and cash and uivalents.

nd cash equivalents comprise cash balances and bank deposits.

al liabilities are recognised initially on the trade date, which ate that the Company becomes a party to the contractual ns of the instrument.

npany derecognises a financial liability when its contractual ns are discharged, cancelled or expire.

3	Significant accounting policies (continued)		3	Significant accounting policies (continued)
3.3	Financial instruments (continued) <i>Non-derivative financial</i> <i>liabilities (continued)</i>	Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.	3.4	Impairment (continued) (i) Non-derivative financial assets (continued) Loans and receivables (continued)
		The Company classifies non-derivative financial liabilities into the other financial liabilities category. Such financial liabilities are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest method.		(ii) Non-financial assets
		Other financial liabilities comprise other payables.		
	<i>Offsetting of financial assets and financial liabilities</i>	Financial assets and liabilities are offset, with the net amount presented in the statement of financial position, only if the Company holds a currently enforceable legal right to set off the recognised amounts and there is an intention to settle on a net basis or to realize an asset and settle the liability simultaneously. The legal right to set off the recognized amounts must be enforceable in both the normal course of business and in the event of default, insolvency or bankruptcy of both the Company and its counterparty. In all other situations they are presented gross. When financial assets and financial liabilities are offset in the statement of financial position, the associated income and expense items will also be offset in the statement of comprehensive income, unless specifically prohibited by an applicable accounting standard.		
3.4	Impairment <i>(i) Non-derivative financial assets</i>	A financial asset not carried at fair value through profit or loss is assessed at the end of each reporting period to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event has a negative effect on the estimated		
		future cash flows of that asset that can be estimated reliably.	3.5	Funds
		Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Company on terms that the Company would not consider otherwise, adverse changes in the payment status of borrowers		General Fund
		or issuers in the group, economic conditions that correlate with defaults or the disappearance of an active market for a security.		Restricted Funds
	Loans and receivables	The Company considers evidence of impairment for loans and receivables at a specific asset level. All individually significant loans and receivables are assessed for specific impairment.		
		An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognised in profit or loss and reflected in an allowance account against loans and receivables. Interest		Endowment Fund

on the impaired asset continues to be recognised.

When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decrease, and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its related cashgenerating unit ("CGU") exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

Impairment losses are recognised in profit or loss.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised.

Income and expenditure relating to the main activities of the Company are accounted for through the general fund in the statement of comprehensive income.

Income and expenditure relating to funds set up for contributions received and expenditures incurred for specific purposes are accounted for through the restricted funds in the statement of comprehensive income.

The assets and liabilities of these funds are accounted for separately. However, for presentation purposes, they are pooled together with those of the general fund.

Interest, dividends and other income derived from the endowment fund and any associated expenditure are recognised through the restricted fund in the statement of comprehensive income.

Incoming resources

Donations

Donations are recognised as and when the Company's entitlement to such income is established with no significant

	uncertainty and amount can be measured with sufficient reliability, which is generally upon receipt of the amount due in full or by instalments. Donations-in-kind are recognised when the fair value of the assets received can be reasonably ascertained.
Investment income	Dividend income is recognised when the right to receive payment is established.
	Interest income is recognised as it accrues, using the effective interest method.
Government grants	Grants from the government to meet the Company's operating expenses are recognised as income to match the related operating expenditure.
	Government grants for the purchase of depreciable assets are taken to deferred capital grant. The grants are recognised as income over the useful lives of the related assets to match the depreciation of those assets.
Employee benefits	
Defined contribution plans	A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further

and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an employment benefit expense in the statement of comprehensive income in the periods during which related services are rendered by employees.

Employee leave entitlement Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the reporting date.

Short-term employee benefits Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

> A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 April 2015, and have not been applied in preparing these financial statements. Management is currently assessing the potential impact of adopting these new standards and interpretations, on the financial statements of the Company. The Company does not plan to adopt these standards early.

#### **Restricted Funds** 8

**Migrants Emergency Assistance** 

and Support Fund

Safe Home Scheme

Homecare Fund

**Kampong Spirit Fund** 

Restricted funds comprise Flow-Through Funds and Community Impact Funds. Flow-Through Funds are for the purpose of providing financial support to beneficiaries designated by the donors. Community Impact Funds support a specific programme or project to address an unmet need or under-supported cause identified by the Company. Restricted funds are not used to fund the operations of Company.

	2016	2015	
	\$	\$	
Flow-Through Funds	21,906,136	21,812,673	
Community Impact Funds	145,936	103,774	
	22,052,072	21,916,447	

During the year ended 31 March 2016, \$62,692 (2015: \$494,628) of the Restricted Funds was transferred to support specific programmes and charities that were previously identified and approved by the donors. Additionally, a transfer of \$125,000 (2015: Nil) from the Restricted Funds to Endowment Funds was approved by the donors, for use in its investment activities.

At the reporting date, \$646,000 (2015: Nil) of the Flow-Through Funds is a donation in-kind (equity shares) subject to a condition in which the shares will remain invested till 2019. The investment has a market value of \$583,000 (2015: Nil) and is included in Note 5.

At the reporting date, the Company has committed to the beneficiaries under Flow-Through Funds for an outstanding amount of \$3,133,266 (2015: \$2,712,585). Actual disbursement is subject to specific condition being fulfilled by the beneficiaries.

Details of the Community Impact Funds during the financial year are as follows:

This fund is set up to help migrant/ domestic workers who are in dire need of financial assistance to tide over their current crisis.

> This fund aims to provide a one-stop home modification service to retrofit or design a more accessible and safe home environment for elderly/person with disability and/or their caregivers.

This fund is set up to help needy beneficiaries suffering critical chronic illness to settle in their homes when they are discharged from the hospital.

This fund is set up as a community project to support needy residents in a local housing estate with vouchers that allow them to exchange for meals of their choice at participating food stalls in their neighbourhood.

#### **Endowment Funds**

9

At the reporting date, \$255,160 (2015: \$255,160) of the Endowment Funds is subject to a condition where the seed capital will remain invested in a specific fund managed by an external fund manager till 2019. The investment has a market value of \$694,533 (2015: \$789,467) and is included in fund managed by fund manager in Note 5.

During the year ended 31 March 2015, a transfer of \$246,832 to the restricted funds was approved by the donors, for use in its charitable activities.

Balance at 1 April Initial funds received Investment income Interest income Net (loss)/gain on investments at through profit or loss Donations Custodian fees Fund administration Management fees Support fees Other expenses Transfer from Restricted Funds Transferred to statement of comprehensive income **Balance at 31 March** 

Represented by: Investments at fair value through pro Other receivables Cash at bank **Total assets**

risks arising from the Company's financial instruments m market risk, credit and liquidity risks. The Company's or managing each of these risks are summarised below.

arises from uncertainty about the future prices of instruments invested by the Company. It represents the financial loss the Company might suffer through holding ents in the face of falling prices. It is the Company's policy e an appropriate diversification in its investment portfolio o mitigate such risk. The Company's exposure to changes relates primarily to the investment in debt and equity , and funds managed by external fund managers.

pany's debt and equity investments are listed on apore Exchange. The Company has funds which are by external fund managers, representing 8% of the 's total investments. A 10% change in the prices securities would have changed the surplus for the pproximately \$2,863,234 (2015: \$2,604,249). The assumes that all other variables remain constant.

pany is exposed to foreign currency risk on investments lenominated in US dollars. The Company does not use financial instruments to hedge its foreign currency risk. agement review the investment portfolio periodically to hat the net exposure is kept at an acceptable level.

pany has \$2,710,593 of US dollar investments ,967,169) which is 9.5% (2015: 11.4%) of the Company's stments.

rengthening or weakening of US dollar against re dollar at reporting date would increase/(decrease) or the year by approximately \$271,059 (2015: \$296,717). vsis assumes other variables remain constant.

pany's exposure to market risk for changes in interest rates imarily to the Company's interest-earning bank balances and nt in fixed rate quoted debt securities. The Company accounts ate quoted debt securities at fair value through profit or loss.

no formal hedging policy with respect to interest rate exposure. to interest rate risk is monitored on an ongoing basis and the endeavours to keep the net exposure at an acceptable level.

AUDITOR KPMG LLP

#### **CORPORATE GOVERNANCE**

Our reserves comprise General Funds, Restricted Funds and Endowment Funds. General Funds relate to the net income from the operating activities of the Company. Restricted Funds are used to provide financial support to beneficiaries designated by the donors and support a specific programme or project to address an unmet need or under-supported cause identified by the Company. Endowment Funds are funds in which the initial donation is maintained as seed capital and only distributable investment income-generated can be disbursed for charitable purposes.

#### ADDITIONAL INFORMATION

#### Investment policy

The Investment Committee manages CFS' funds with care, skill, prudence and diligence, and for the sole interest of the beneficiaries of the Funds and in accordance to their objectives. Investments of the Funds shall be diversified so as to minimise loss from diversifiable risks while earning a fair return. The investments are made by external fund managers selected by the Investment Committee and approved by the Board with the primary objective of capital preservations and to provide an investment return for the Fund. The portfolios are closely monitored and periodic reviews are conducted by the Investment Committee.

#### **Conflict of interest policy**

CFS has in place policies and procedures to manage and avoid situations of conflict of interest. All Board and Committee members are required to make declarations of conflict of interest to CFS at the start of their terms of directorship, annually, or as soon as such conflict or the possibility of such conflict arises. Board members do not vote or participate in decision-making on matters where they have a conflict of interest. All employees are also required to make declarations of conflict of interest at the point of hire, annually or as soon as such conflict of the possibility of such conflict arises to ensure that all parties will act in the best interests of CFS.

#### Whistleblowing policy

CFS is committed to the highest standards of honesty, transparency, ethical and legal conduct and accountability. The Whistleblowing Policy aims to provide an avenue for employees and external parties to raise genuine concerns relating to any aspect of CFS' operations, including serious breaches of the code of conduct by employees. Complaints can be submitted to whistleblow@cf.org.sg.
